

Surakarta, 18 Agustus 2019

To:

Editor-in-Chief of Majalah Kedokteran Bandung (MKB)
in Bandung, Indonesia

Dear Sir/Madam,

We wish to submit an original research article entitled **“The Hepatoprotective and Antifibrotic Effects of Indonesian Propolis on Mice Model of Hepatic Cirrhosis”** for consideration by Majalah Kedokteran Bandung.

We confirm that this work is original and that the manuscript has not been published elsewhere, nor is it currently under consideration for publication elsewhere. We also confirm that there is no falsification or fabrication of data and no plagiarized content in the article.

We believe that this manuscript is appropriate for publication by Majalah Kedokteran Bandung because it **propolis is an herbal medicine which contains bioactive substances depending on the geographic origin and its ecosystem. Cirrhosis of the liver is a major health problem throughout the world, due to the lack of effective treatment methods. The development of propolis is expected to have an inhibitory effect on the progression of liver fibrosis in cirrhosis of the liver.** All authors of this manuscript have approved the final version of this submitted manuscript.

We have no conflicts of interest to disclose.

Thank you for your consideration of this manuscript.

Sincerely,

A handwritten signature in black ink, appearing to read 'Diding Heri Prasetyo', with a horizontal line extending to the left.

Diding Heri Prasetyo

Conflict of Interest Declaration

Here by the author(s) certify(s) that the manuscript entitled :

The Hepatoprotective and Antifibrotic Effects of Indonesian Propolis on Mice Model of Hepatic Cirrhosis

is an original work and is not under review at any other publication. All authors of this manuscript have approved the final version of this submitted manuscript and there is no financial interest to report. This manuscript is ready for publication in the Majalah Kedokteran Bandung (MKB).
