Editor-in-Chief of Majalah Kedokteran Bandung (MKB)  
in Bandung, Indonesia

Dear Sir/Madam,

We wish to submit an original research article entitled "The Correlation between Proteinuria and Glomerular Filtration Rate in Type 2 Diabetes Melitus Patients in Pekanbaru, Riau" for consideration by Majalah Kedokteran Bandung.

We confirm that this work is original and that the manuscript has not been published elsewhere, nor is it currently under consideration for publication elsewhere. We also confirm that there is no falsification or fabrication of data and no plagiarized content in the article.

We believe that this manuscript is appropriate for publication by Majalah Kedokteran Bandung because it provide a new data about complication of Type 2 DM patients from private hospitals in Pekanbaru, and significance of correlation between proteinuria and GFR. We knew before that the gold standard to support diagnosis of Nephropathy diabetic - renal biopsy or albumin urine creatinine ratio does not afford widely in remote area. We want to share the simple procedure that available at the point of care but has a significant impact in managing DM patients. All authors of this manuscript have approved the final version of this submitted manuscript.

We have no conflicts of interest to disclose.

Thank you for your consideration of this manuscript.

Sincerely,

[dr. Dani Rosdiana, SpPD]
