Sumedang, 14 Maret 2019

To:

Editor-in-Chief of Majalah Kedokteran Bandung (MKB)
in Bandung, Indonesia

Dear Sir/Madam,

We wish to submit an original research article entitled “The Difference Effect of Acute Aerobic Physical Activity from 3, 7, and 14 Days on Skeletal Muscle Myod Gene Expression of Wistar Rats” for consideration by Majalah Kedokteran Bandung.

We confirm that this work is original and that the manuscript has not been published elsewhere, nor is it currently under consideration for publication elsewhere. We also confirm that there is no falsification or fabrication of data and no plagiarized content in the article.

We believe that this manuscript is appropriate for publication by Majalah Kedokteran Bandung because it showed **an interesting explanation regarding adaptation process of skeletal muscle which may need specific time, it was reflected from changes of MyoD gene expression level in skeletal muscle stimulated by acute aerobic exercise**. All authors of this manuscript have approved the final version of this submitted manuscript.

We have no conflicts of interest to disclose.

Thank you for your consideration of this manuscript.

Sincerely yours,

Ronny Lesmana

Conflict of Interest Declaration

Here by the author(s) certify(s) that the manuscript entitled :

The Difference Effect of Acute Aerobic Physical Activity from 3, 7, and 14 Days on Skeletal Muscle Myod Gene Expression of Wistar Rats

is an original work and is not under review at any other publication. All authors of this manuscript have approved the final version of this submitted manuscript and there is no financial interest to report. This manuscript is ready for publication in the Majalah Kedokteran Bandung (MKB).
