Editor-in-Chief of Majalah Kedokteran Bandung (MKB)
in Bandung, Indonesia

Dear Sir/Madam,

We wish to submit an original research article entitled “Knowledge and Severity of Urinary Incontinence in Women as Factors for Treatment-seeking Behavior” for consideration by Majalah Kedokteran Bandung.

We confirm that this work is original and that the manuscript has not been published elsewhere, nor is it currently under consideration for publication elsewhere. We also confirm that there is no falsification or fabrication of data and no plagiarized content in the article.

We believe that this manuscript is appropriate for publication by Majalah Kedokteran Bandung because it examines a common, but often overlooked, condition in postmenopausal women in Indonesia. To our knowledge, this is the first study to examine knowledge and perception of urinary incontinence among postmenopausal women in Bandung. All authors of this manuscript have approved the final version of this submitted manuscript.

We have no conflicts of interest to disclose.

Thank you for your consideration of this manuscript.

Sincerely,

A handwritten signature in black ink, appearing to read 'Hadi Susiarno', enclosed within a faint rectangular border.
