Padang, January 27, 2022

To:

Editor-in-Chief of Majalah Kedokteran Bandung (MKB)

in Bandung, Indonesia

Dear Sir/Madam,

We wish to submit an original research article entitled **"The Effect of High Fat and Cholesterol Diet on Total Blood Cholesterol Levels in Pregnant Wistar Rats"** for consideration by Majalah Kedokteran Bandung.

We confirm that this work is original and that the manuscript has not been published elsewhere, nor is it currently under consideration for publication elsewhere. We also confirm that there is no falsification or fabrication of data and no plagiarized content in the article.

We believe that this manuscript is appropriate for publication by Majalah Kedokteran Bandung because **this article follows the focus and scope of the MKB. We conducted experimental research on the administration of a high-fat diet in pregnant rats and looked at its effect on the total blood cholesterol level. A high-fat diet is one of the causes hypercholesterolemia and occurs during pregnancy, and it will adversely affect not only the mother but also the fetus. In this study, administration of a high-fat diet during pregnancy in rats have effect to total cholesterol levels.** All authors of this manuscript have approved the final version of this submitted manuscript.

We have no conflicts of interest to disclose.

Thank you for your consideration of this manuscript.

Sincerely,

Desmawati
