Editor-in-Chief of Majalah Kedokteran Bandung (MKB)
in Bandung, Indonesia

Dear Professor,

We wish to submit an original research article entitled **"Comparison of Pain Intensity and Wound Healing Post Cesarean Section ERACS and Conventional"** for consideration by Majalah Kedokteran Bandung.

We confirm that this work is original and that the manuscript has not been published elsewhere, nor is it currently under consideration for publication elsewhere. We also confirm that there is no falsification or fabrication of data and no plagiat content in the article.

We believe that this manuscript is appropriate for publication by Majalah Kedokteran Bandung because it discuss about cesarean section ERACS that is an up to date topic and has not been researched widely and the problem about pain intensity and wound healing that is compared with the cesarean section conventional. This article is appropriate to the subjects of MKB that is about Obstetrics and Gynecology, reproductive health, and surgery. All authors of this manuscript have approved the final version of this submitted manuscript.

We have no conflicts of interest to disclose.

Thank you for your consideration of this manuscript.

Sincerely,

Intan Renata Silitonga
